

York General Health Care Services

The York General Health Care Services (YGHCS) Auxiliary is a non-profit organization that has been serving the York and surrounding communities since 1957. In that time we have worked to enhance both patient and resident care, and help bring the best in medical technology and volunteer services to the community. Help us continue this service with your support. We invite you to become a member and make a difference in your community today!

Like most medical facilities, budgets cannot cover everything. These services and equipment are expensive, and without the continued support of membership dues, monetary donations, volunteers, and fund-raising, these services would not be possible. Next time you visit YGHCS, check out some of the many donations and services we have provided.

The YGHCS Auxiliary has many opportunities to become involved, whether you have an hour a month or a few a year, we have many fun and fulfilling ways to be a part of our success! Membership is open to women and men, young and the mature. As a part of the Auxiliary, you will find a very rewarding opportunity. YOU choose the level of involvement!

Membership dues are \$15.00 per year. Your membership dues help the Auxiliary to continue with ongoing worthwhile projects.

For more information about the Auxiliary, please check out our website, www.yghcsauxiliary.org, or give us a call at (402) 366-3760. If you would like to join our Membership, please fill out and mail in the attached Membership Form.

Thanks!

*Whatever your age, whatever your schedule,
You can make a difference!*

“Being a part of the YGHCS Auxiliary has made me feel good to know that I made a difference in so many ways at our York General Health Care facilities, from assisting at the Hearthstone to contributing funds toward equipment at all the facilities. When many contribute a little, much can be accomplished. Serving the short time that I did on the board broadened my insight as to how much the Auxiliary does for YGHCS and the community. Everyone can make a difference.”
- Carol W.

“Joining the Auxiliary has enabled me to meet new people who are passionate about their community and enjoy making someone smile...as a new York resident it allowed me a chance to become part of that.”
- Jenna North

*Whatever your age, whatever your schedule,
You can make a difference!*

“Being a member of the Auxiliary gives me the opportunity to meet new faces and to support the Hearthstone and York General Hospital with many extra needed projects. Christmas Shopping for residents of the Hearthstone brought joy to everyone involved. Two new dialysis machines were extremely needed and one year of fund raising made this possible. A wheelchair swing for the Hearthstone was provided by Auxiliary members. We do the things that are not in budgets to make someone else’s life a bit better. That is what volunteering with the Auxiliary is about..doing the extras.”
- LaVonne Elfring
